LANGUAGE PROFFICIENCY

- Croatian
- English
- Danish
- Belarusian
- Spanish

PERSONAL SKILLS

- Independent learner
- Strong collaborator
- Empathetic listener
- Analytical thinker

- Calm
- Patient
- Adaptable
- Efficient
- Creative
- Innovative

HOBBIES AND INTERESTS

- Crafts
- Gardening
- Reading
- Listening to audiobooks
- Photography
- Crocheting

ABOUT ME

Motivated Junior Frontend Developer with a PhD in Molecular Biology and a strong analytical mindset. I bring persistence, precision and problem-solving acquired over years of research. Currently enrolled in HackYourFuture Frontend Developer Bootcamp and JavaScript with React at REDI school. Eager to contribute, grow and learn from experienced developers in a team.

TECHNICAL SKILLS

- **Frontend Development:** JavaScript (ES6+), React (Hooks, Components), HTML5, CSS3 (Flexbox, Responsive Design), DOM Manipulation.
- **Scientific Programming & Data:** Basic: Python, C++, Linux/Shell Scripting, Java, C
- **Tools & Workflow:** Git, GitHub, VS Code, Command Line (Bash/Zsh)

PROJECTS

- **Hangman Game** | React, CSS, Git
  - Developed a dynamic single-page application (SPA) using React and component-based architecture.
  - Collaborated in a team environment using a Git workflow (branches, pull requests, and code reviews) to manage version control.
  - Implemented game logic and state management using React Hooks (useState, useEffect) to track user input and game status
  - Live Demo: Hangman
- **Flash-Card App** | Vanilla JavaScript, DOM Manipulation, Git
  - Built a functional study aid application in a collaborative team
  - Managed project tasks and merge conflicts effectively within a shared GitHub repository
  - Live Demo: Flash-Cards
- **Sorting Hat Logic App** | JavaScript, HTML5, CSS
  - Interactive application using JavaScript algorithms to process user inputs and render dynamic results.
  - Designed with a mobile-first approach using semantic HTML and Flexbox.
  - Live Demo: Sorting Hat

EDUCATION AND TRAINING

- **HackYourFuture Frontend Developer trainee** - October 2025 - present
- **REDI school JavaScript with React** - September 2025 - present
- **freeCodeCamp Full-Stack developer Track** - September 2025 - present
- **freeCodeCamp Responsive Web Certification** - Completed November 2025
- **REDI school Intro to Javascript** - March 2025 - July 2025
- **PhD in Molecular Biology** - University of Split | Completed November 2020
- **B.Sc. Microbiology and Molecular Biology** - Methodist University | USA | May 2012

RELEVANT EXPERIENCE

Research Scientist / PhD Fellow – MedILS | 2014–2018
Applied analytical and problem-solving skills to complex biological data. Designed and optimised experimental workflows, ensuring precision and reproducibility. Mentored students and collaborated across interdisciplinary teams. Developed simple C++ programs for data analysis

Bioinformatics Assistant – University of Split | 2013
Used computational tools for data analysis and research support. Performed molecular dynamics simulations using Gromacs with R and linux command line

Research Intern – Mediterranean Institute for Life Sciences | 2012–2014

Microbiology laboratory assistant, Anatomy and Embryology laboratory assistant, and Insect biology laboratory assistant - Methodist University | 2010-2012
Prepared material for practical part of the courses, led weekly laboratory sessions, graded exams and gave private lesions for Developmental biology and Human Anatomy students

VOLUNTEERING

VOLUNTEER SOCIAL MENTOR (AKTIVITETMAKKER) I SORAS
AARHUS | 01.10.2024 - CURRENT

- Provide consistent one-on-one social support to a neurodivergent individual (ASD/ADHD) to combat social isolation.
- Facilitate weekly outdoor activities to encourage physical well-being and build social confidence.
- Utilise active listening and adaptive communication skills to establish a relationship built on trust and routine.

SAFETY IN TRAFFIC - ADVISOR FOR SAFE USE OF CARSEATS
ZAGREB | 01/09/2021 - CURRENT

- Educating the public about the importance of carseats
- Providing information and assistance to parents when using carseats cooperating with legislative and health institutions
